

The Public Policy Committee meeting scheduled for Wednesday, September 12, is cancelled.

Later in September and again in October, we anticipate hosting two separate gubernatorial candidate forums on child care, early education, and family support issues. These would take the place of our regularly scheduled Public Policy Meetings for those months. We are currently working with the gubernatorial campaigns regarding scheduling. Please stay tuned for date and location information.

Again, the Public Policy Committee will not meet on Wednesday, September 12, 2018.
