

ANNUAL REPORT • FY2018

MARYLAND
FAMILY
NETWORK

MARYLAND FAMILY NETWORK

ensures that very young children have strong families, quality early learning environments, and a champion for their interests.

A LONG HISTORY OF LEADERSHIP IN MARYLAND

Maryland Family Network was formed in 2009 with the merger of two leading nonprofit organizations— Maryland Committee for Children, founded in 1945 to advocate high quality child care, and Friends of the Family, founded in 1986 to establish and coordinate Maryland’s network of Family Support Centers.

Today, Maryland Family Network is the leading voice for very young children and all those concerned with their well-being — parents, child

care providers, advocates, and community leaders — at the state and national levels.

Thanks to our partners Maryland Family Network will continue to make sure that all young children and their families have the resources to learn and succeed. 🌟

FY18 Family Support Data Chart

Maryland Family Network and Maryland's network of Family Support Centers target their services to parents with children birth through age three and expectant parents. Though others receive support at the Centers, the data in the chart refer only to that target population. FY18 data are based on the period from July 1, 2017 through June 30, 2018 with delegates or sponsoring agencies reporting for 25 Centers for 12 months.

	BALTIMORE CITY/COUNTY 9 Centers	METRO DC & SOUTHERN MARYLAND 4 Centers	NORTHERN MARYLAND 2 Centers	WESTERN MARYLAND 3 Centers	EASTERN SHORE 7 Centers	TOTAL 25 Centers

¹ Families in Early Head Start programs received services both in the Centers and at home and are counted in the Families Served at Home category.

² Immunization and developmental screening percentages are based on children with three or more visits to a Center.

³ Adult Education includes one or more of the following: Adult Basic Education (ABE), National External Diploma Program (NEDP), General Educational Development (GED), English for Speakers of Other Languages (ESOL), and/or alternative high school.

⁴ Employability services include one or more of the following: computer literacy, career counseling, resume writing, interview skills, work experience, and job development.

⁵ Public Assistance may include one or more of the following: WIC, TANF, public housing, SSI, medical assistance, foster care subsidy, energy program assistance, EPSDT, and food stamps.

Maryland's Family Support Network

MFN established and coordinates the operation of 25 statewide Family Support Centers (FSCs) that serve more than 3,000 families annually who are raising infants and toddlers while facing barriers to success, such as poverty, limited education, limited English proficiency, and domestic violence. The heart of each FSC is a high quality child care program for mothers and fathers who are on site, learning parenting skills, and working to attain economic and social self-sufficiency. Each FSC is operated by a community-based public or private agency under contract to MFN, which provides core funding and ongoing quality assurance services (training, technical assistance, monitoring, evaluation, and support for peer-to-peer learning).

PARENTS EARNING & CHILDREN LEARNING

Maryland's economy depends on parents being able to work and provide for their families. In fact, about 79% of Maryland children under age 12 have a working mother. Quality child care is essential to working families.

MFN's Child Care Resource Network helps child care professionals meet the needs of children in their care. MFN provides access to state of the art training and support including our 24-hour a day eLearning platform.

Child Care Resource Network

MFN oversees a network of 12 Child Care Resource Centers (CCRCs) with funding from the Maryland State Department of Education (MSDE). These CCRCs provide information, skill building, and support to early childhood professionals throughout Maryland. MFN offers training topics such as Anti-Bias/Cultural Competence Awareness; Helping Parents Help Children; Conflict Resolution Strategies; and Social/Emotional Foundations of Early Learning.

During FY18, **more than 31,000 participants** attended high quality, responsive trainings that helped them meet requirements for licensing, the Maryland Child Care Credential, and Maryland EXCELS.

Over 3,500 workshops on MFN's eLearning training platform were completed, including MFN's own Supporting Children with Developmental Disabilities.

MFN'S CCRCs provided technical assistance to child care programs in FY18 by opening **over 1,150 cases** (extended technical assistance over a period of time) and through **an additional 6,213 case contacts** (individual contacts in person, by phone, or in meetings) to help child care providers reach ever-higher standards of quality.

CHILD CARE THAT'S JUST RIGHT

MFN's LOCATE: Child Care provides parents with comprehensive, detailed, free information on regulated child care in Maryland. Personalized service is provided by trained Referral Specialists to help parents learn to identify quality child care and receive referrals for regulated care to meet their individual needs. Referrals are provided in English, Spanish, and most other languages. The Special Needs Enhanced Service helps identify care for families whose children have specific special needs.

LOCATE: Child Care

In FY18 LOCATE: Child Care, including MFN's Special Needs Enhanced and LOCATE: Child Care Corporate Services, assisted 3,066 callers in finding care for 4,114 children.

Over 43,000 searches for child care, after-school activities, and summer programs were conducted online in FY18.

Call now 877.261.0060 or visit marylandfamilynetwork.org.

81% of surveyed parents indicated that the information on identifying quality child care provided by the Referral Specialist was useful.

92% of surveyed parents were able to identify at least one element of quality in a child care setting.

99% of surveyed parents found the child care education materials they received from the referral specialist to be useful.

83% of surveyed parents indicated they were satisfied with the services provided by the Referral Specialists.

Note: Survey results are from a 19% sampling of families who called the LOCATE: Child Care Community Line during FY18.

A CHAMPION FOR THEIR INTERESTS

As Maryland's preeminent statewide early childhood advocacy organization, MFN is strongly committed to ensuring that young children and their families have the resources to thrive. MFN provides a voice for children and all those concerned with their well-being — parents, child care providers, advocates, and community leaders. Through its strong advocacy and public policy presence, MFN has helped to make Maryland one of the best states in the country for early education and child care.

Public Policy

In FY18 MFN pursued an ambitious agenda, perhaps its boldest ever. Some initiatives built upon years of prior work; others took aim at new targets of opportunity. In the end, MFN emerged with an unprecedented string of successes, including landmark child care subsidy legislation that represents the most significant victory for early childhood education in more than a decade. On May 8 and May 15, 2018 the Governor signed five of the MFN priorities into law.

FY18 Key Legislative Victories

SB 379 / HB 430 “Education – Child Care Subsidies – Mandatory Funding Levels”

Increases Maryland's abysmal child care subsidy rates to give parents access to quality care, and establishes a new “floor” so that rates never again fall so low. In terms of investment, breadth of benefit, and lasting impact, the most significant victory for early care and education in more than a decade.

HB 1415 “Education – Commission on Innovation and Excellence in Education”

Preserves \$22.3 million in pre-K expansion dollars that might otherwise be lost when a federal grant expires.

SB 859 / HB 775 “State Employees – Parental Leave”

In anticipation of future statewide legislation, provides up to 12 weeks of paid leave for State employees following the birth or adoption of a child.

SB 373 / HB 547 “Education – Head Start Program – Annual Funding (The Ulysses Currie Act)”

Restores a \$1.2 million budget cut imposed in 2009, potentially increasing services for more than 2,100 Head Start children.

SB 912 / HB 1685 “Maryland Prenatal and Infant Care Coordination Services Grant Program Fund (Thrive by Three Fund)”

Creates a grant program to expand the coordination of direct services for jurisdictions with a high percentage of births to Medicaid-eligible mothers.
