Frequently Requested Child Care Information

Anne Arundel County is in the heart of the nation's fourth largest market, the Baltimore-Washington D.C. corridor. It is home to the state capital, Annapolis, and the U.S. Naval Academy, both major tourist destinations. The county successfully combines rural charm and metropolitan sophistication thanks to the county's 500+ miles of shoreline along the Chesapeake Bay and its tributaries. Anne Arundel has a strong economy with high household incomes, low unemployment, and a strong housing market.

Anne Arundel County's economy is supported by a diverse set of economic drivers such as BWI Marshall Airport, the defense industry, telecommunications, retail, entertainment, and distribution operations. The rapidly expanding defense industry is fueled by the presence of multiple federal agencies located at Fort George G. Meade. Ft. Meade is the center for cyber operations in the nation with the presence of U.S. Cyber Command, NSA, and DISA. Top employers in the county include Northrop Grumman, Live! Casino & Hotel, Clean Harbors Inc, Arinc Inc, and Laurel Park. Anne Arundel has a diverse \$51.5 billion dollar economy with approximately 59,000 businesses.

Definitions

The American Community Survey (ACS): An ongoing survey that provides vital information on a yearly basis about our nation and its people. Information from the survey generates data that help determine how more than \$675 billion in federal and state funds are distributed each year. (Census.gov)

Before/After-School Care: School-Age child care offers care to children enrolled in Kindergarten or above. Care is provided before and/or after school and during school holidays/vacations. Programs are licensed by the Office of Child Care. Programs may operate from a school building or other licensed facility.

Census of Population and Housing: There are two versions of the Census questionnaire: a short form which asks a limited number of population and housing questions of all households, and a long form questionnaire which asks additional social and economic questions of a sample of all households. The user should note that data obtained from a sample are subject to sampling variability, and that there are limitations to many of these data.

Child Care: The care or supervision of a child when the child's parent has given the child's care over to another for some portion of a 24-hour-day as a supplement to the parent's primary care of the child. (OCC)

Child Care Center: Child care provided in a facility that, for part or all of the day, provides care to children in the absence of the parent. Centers are licensed by the Office of Child Care.

Child Care Scholarship Program (CCS)*: Provides financial assistance to eligible families in securing care for their children in registered family child care homes or licensed child care centers while parents/guardians are attending school, working, or in job training.

Children with Special Needs: Children who, because of a disability or other special educational, developmental, physical, emotional, behavioral, or medical condition, require additional care, or whose activities are restricted by a certain condition. (OCC)

Employer-Sponsored Centers: A child care center located on-site or off-site which is sponsored by a corporation, business, or other employer. Employees are given priority for enrollment slots.

Family Child Care: The care given to a child younger than 13 years old or to a developmentally disabled person younger than 21 years old, in place of parental care for less than 24 hours a day, in a residence other than the child's residence and for which the provider is paid. Regulations allow a family child care provider to care for as many as eight children at any time. (OCC)

Head Start Centers serve children from age 3 to school entry age from income eligible families.
