## Request for Proposals to Operate a Patty Center-Family Support Program

**Target areas:** Unserved and underserved jurisdictions of Maryland

**Issue Date: October 1, 2025** - RFP will be open and continuous until such time as all grants are awarded

**Funding Partners:** Maryland State Department of Education, U.S. Department of Health & Human Services

### Section 1: Summary of Opportunity

Maryland Family Network (MFN), the state-wide intermediary overseeing the network of Patty Center-Family Support Programs, on behalf of its public and private funders, solicits proposals from organizations to develop and operate a Patty Center-Family Support Program. MFN will fund multiple lead agencies, each proposing to establish a Patty Center-Family Support Program in a Maryland community/region with families of children birth until 5 years (4 years, 11 months) and/or expectant parents with an interest and need to participate in the programs offered at a Patty Center-Family Support Program.

Agencies interested in applying to operate a Patty Center-Family Support Program under this Request for Proposal (RFP) must:

1. Have existing fiscal infrastructure and readiness
2. An identified site for operations or propose one to three potential sites
3. Experience in providing family-child programming.

Agencies will be required to meet fiscal and programmatic reporting requirements. Agencies are expected to begin programmatic implementation within 12 months of the signed contract. The first year of funding can be used for planning and development to foster successful implementation of a Patty Center-Family Support Program. Planning and development will include:

- Hiring of core staff (Director, Service Coordinator, Child Development Specialist) within 6 months of award
- Acquiring a site by the ninth month of operation
- Developing a family recruitment plan, staff training plan, and MOUs with partners
- Conduct community outreach and prepare child development and family engagements spaces

MFN funding support will consist of a \$330,000 annual award. This funding is provided through State Funds from the Maryland State Department of Education (MSDE). Agencies are encouraged to solicit other funding opportunities, such as the Federal Child Based Child Abuse Prevention (CBCAP) grant. For the application, lead agencies shall plan a budget based on a \$330,000 award. Available funding (\$330,000) can be used for direct programming, staff recruitment and purchasing supplies and materials. Funding cannot be used for large capital improvements, unauthorized expenses, or the purchase of vehicles.

The following are prerequisite requirements for an organization (or their identified fiscal sponsor) to meet when applying to operate a Patty Center-Family Support Program:

- Be in a strong financial position for fiscal sustainability based on analysis of the organization's financial statements.
- Be able to provide, with the grant application, copies of the last two certified annual entity-wide

financial audits, including related management letters and the most recent interim financial statement. Include a single award audit for each year if applicable.

- Agree to meet the contractual obligations related to collaboration with MFN regarding program management, training, technical assistance, monitoring, peer review, and evaluation.
- Have prior program experience that indicates the ability and capacity to operate a family support center and to fulfill fiscal and programmatic reporting requirements.
- Have incorporated input from and secured the support of key community stakeholders, such as county government, community-based organizations and groups, and potential program participants who reside in the community to be served.
- Have or secure workers' compensation and liability insurance and enforce policies that limit liability exposure.
- Have identified adequate space for the provision of all proposed in-person Patty Center-Family Support Programs, using the MFN square footage recommendation as a guide and describing how all required services will be provided in the proposed space.
- Eligible jurisdictions and/or communities are those that lack sufficient services or resources to improve family and child outcomes as identified through a community needs assessment, can be in a Title 1 school area, or are located in communities with low scores on the social vulnerability index. Unserved and underserved communities are those lacking basic support, resources, and access to opportunities for families with young children. The focus is on improving family and child outcomes.

Applicants will be selected through a competitive process coordinated by MFN utilizing this Request for Proposals (RFP) and a review panel comprised of experts in fields related to community-based family support services. The ranking tool to be used by the review panel is listed in Appendix 1. Proposals must demonstrate a compelling need for a Patty Center-Family Support Program in the targeted community and address plans for the creation and operation of a Patty Center-Family Support Program that will have broad community support from key stakeholders. MSDE shall have a final review for the location of new Patty Center-Family Support Programs.

## **Section 2: Patty Center-Family Support Program Description**

Patty Center-Family Support Programs (formally known as Family Support Centers) are community-based programs designed for expectant parents and parents and caregivers with children from ages birth to age 5 (four years, eleven months). Patty Centers create a warm, welcoming family centered environment which provides or links families to services. The centers build on the Strengthening Families Protective Factors (<https://cssp.org/our-work/project/strengthening-families/>) by promoting nurturing and competent parenting, the physical and mental health of parents/caregivers and children, family economic success, and full growth and development of children.

The centers support:

- Parents/Caregivers to meet or exceed their goals related to family life.
- Parents/Caregivers to meet or exceed their goals related to family economic success. And
- Young children to develop fully physically, socially, emotionally, and cognitively, preparing them to enter school ready to learn.

Patty Center-Family Support Programs work collaboratively within their communities to support families in thriving. For instance, some existing Centers partner with the local Department of Social Services (DSS) offices in the provision of education and employment services for parents. Some centers work closely with area high schools, functioning as an alternative education or external diploma site. Centers

may be part of Judith P. Hoyer Early Learning Hub Partnerships. Programs may connect with Early Head Start, Head Start, or other early childhood settings. Centers may connect with their local community college for adult education, English language classes, and workforce development services. Centers are expected to link participants to local and available high quality Pre-K environments when available.

Proposals must reflect an understanding of the core tenets of Family Support and describe how programs continually identify and acknowledge family strengths and establish a formal process of building upon them.

Proposals must include assurances that participants can access various community resources through the centers, even though some may be incongruent with the personal beliefs of either the sponsoring agency or any member of its staff. This includes providing or referring for medical and reproductive health care and other services and assuring that funds will not be used to teach or promote a particular philosophy or belief.

### **Section 3: Patty Center-Family Support Program Components**

Maryland Family Network has identified four essential Core Cluster Service areas aligned with the Strengthening Families Protective Factors:

1. Community Connections
2. Parent/Caregiver Capacity Building
3. Coordinated Family Supports
4. Early Childhood Development

There are services required in each of the Core Cluster areas that centers must offer for families. These services are provided in the chart below along with optional services that Patty Center-Family Support Programs can provide.

Core Cluster Area	Required Service	Optional Services
<ul style="list-style-type: none"> <li>Community Connections</li> </ul>		<ul style="list-style-type: none"> <li>Information &amp; Referral (fielding calls from the larger community and providing resource information.)</li> <li>Basic Needs Support (ex. Food assistance, diaper distribution, direct financial aid)</li> <li>Community Based workshops/classes</li> <li>Community Events (for the purpose of recruitment)</li> <li>Field Trips</li> </ul>
<ul style="list-style-type: none"> <li>Parent/Caregiver Capacity Building</li> </ul>	<ul style="list-style-type: none"> <li>Evidenced Based Parent Education</li> </ul>	<ul style="list-style-type: none"> <li>Employment Readiness/ Workforce Development</li> <li>Health Education</li> <li>Adult Education (GED/ABE/ESOL)</li> <li>Teen Parent Program (Alternative High School program)</li> <li>Parent Leadership Development</li> </ul>

## Section 5: Required Proposal Elements and Pre-proposal

### 5A: Pre-proposal submission of a Letter of Intent

There is no requirement for a Letter of Intent. **A Pre-Proposal Meeting will be held on the second Friday of each month at 10:00 am beginning October 10, 2025.** Please email [dyorks@marylandfamilynetwork.org](mailto:dyorks@marylandfamilynetwork.org) for a link to the meeting that will be provided the day before the requested meeting date.

### 5B: Title Page and Transmittal Letter

Exhibit A in this RFP is the Title Page that must be included with the submission.

**Submissions may be emailed at any time during the rolling RFP process. Email proposal and supporting documents to [FSC\\_RFP\\_application@marylandfamilynetwork.org](mailto:FSC_RFP_application@marylandfamilynetwork.org).**

***Applications will be reviewed quarterly in February, May, August, and November.***

A brief transmittal letter must be prepared on the applicant's business stationery and be signed by an individual authorized to bind the organization to all statements, including services and prices contained in the proposal. Please include the name and contact information for both the project manager and fiscal contact. The letter should clearly state the address of the proposed FSC site or at least three potential locations for the center as well as the neighborhood in which the center will be located, the amount of funding requested, and the numbers to be served broken down into the following:

- Parents/Caregivers of children birth through 59 months of age;
- Children from birth through 59 months of age; and
- Expectant parents.

**5C. Technical Sections** – unless specifically mentioned, there are no page requirements.

*Executive Summary (1 page)*: This section should be a clear and concise one-page summary of other sections of the proposal. It should include:

- A description of the applicant;
- A definition of the community assets that need to be addressed;
- A statement of what the applicant hopes to accomplish;
- An outline of the activities and services to be provided;
- The projected total number of families to be served; and
- The total project cost

*Project Narrative (recommended length for this section is 10 to 12 pages)*: This section should include the following:

- Background/assets/needs statement;
- Proposed approach;
- Experience of the applicant, and staffing; and
- Collaborative partnerships may be described in this section; however, collaborative agreements demonstrating partnerships should be submitted as part of the appendices with attached memoranda of understanding and/or letters of support.

*Community Assessment and Needs*: This section should:

- Describe the targeted neighborhood or community to be served by the center, identifying the geographic, physical, economic, social, institutional, and other characteristics of the center's target areas relevant to the need for family support services;
- Describe current community strengths and services for families with young children as well as challenges and/or barriers that exist in the targeted community.
- Provide a general description of the target population that clearly demonstrates an understanding of people's strengths, needs, and potential barriers to success; and
- Provides statistics, trends, and outcomes for the target population with reference to all data cited. One free resource for data is the Casey Family Programs community opportunity map.

*Proposed Approach*: This section should:

- Describe how the proposal was developed;
- Include a description of any input solicited from prospective participating families and other community partners;
- Explain how the proposed services will address the identified need;
- Describe the core cluster services you propose to offer and how they will be provided;
- Identify subcontractors and other collaborators and describe the services they will provide;
- Detail the personnel expected to be hired;
- Address the ways that family outreach and recruitment will be accomplished;
- Describe what kinds and how many participants will access which services and how often
- Provide plans for how participants will access the center, such as in-person by walking, public transportation or ride share services, and virtually. Purchasing a vehicle is not allowed within this

grant funding, but renting/leasing vehicles may be permitted. Any projected transportation expenses must be itemized in the budget; and

- Provide assurances that participants will be able to access community resources whether or not they are congruent with the personal beliefs of either the sponsoring agency or any member of its staff; that the center will provide or refer participants for health care, family planning upon request, and other services, and that funds will not be used to teach or promote a particular philosophy or belief.

Experience of Applicant: Describe the applicants:

- Prior program and new program development experience;
- Areas of expertise;
- Awards it has received;
- Personnel policies that reflect compatibility with family support principles;
- fiscal management capacity;
- Relationship to the community; and
- Provide evidence that the applicant can provide culturally relevant services and is otherwise capable of providing high-quality, highly desired services.

Personnel

Indicate the proposed positions (with associated number of hours) and type of personnel (qualifications and job functions) to be used in the center's development and operation. Upon request, MFN will provide sample job descriptions for positions recommended as essential. Also, indicate whether any portion of a position will be in-kind from a collaborating agency, including the applicant's agency. Any proposed use of subcontractors or independent consultants should be detailed in this section.

Space Plan

Provide details of the site and space, including square footage. The recommended minimum size of a FSC is 3,000+ square feet, including dedicated child development space, staff workspaces, private meeting space, a kitchen/food preparation space, and multipurpose spaces to meet a variety of program needs such as classes, support groups, and meetings. In addition to the above, access to outdoor play space or a playground adjacent to the center or in close proximity is required.

Commitment to Diversity, Equity, Inclusion and Antiracism

MFN seeks to advance diversity, equity, and inclusion and be an antiracist organization. It is essential for systems and services to be respectful, equitable, inclusive, and welcoming of individuals, families, and groups and strive to include diverse points of view in decision-making and service provision. Applicants should describe their commitment to advancing diversity, equity, and inclusion and being an antiracist organization through its systems, practices, and services.

## Section 6. Required Financial Information

Exhibit B: Use this template to:

- Indicate costs for projected total operational costs of the center;
  - Include any additional sources of income and in-kind commitment supporting the center's operations, especially those for space and other facility costs, initial renovations, transportation, staffing, and delivery of services through collaborative agreements;
  - Identify specific sources, amounts or value, term of financial commitments, and allowable uses of matching funds available;
  - Include supporting narrative related to the proposed approach and personnel as detailed in the technical section of the proposal; and
  - Specify contractual agreements required by the applicant, if any.
  - NOTE: Overhead or indirect cost rate may not exceed 10% of the budget.
